

CORE VALUES:
Ethics, Experience, Excellence

Dedication

Our home was named for my Mom, Ella Louise who devoted her life to the care of others.

Mom worked professionally as a licensed practical nurse in the various areas of nursing. But Mom had many gifts and talents like floral arranging, food catering, writing poetry and short stories, and making people laugh and smile. Mom gallantly battled complications from chronic diseases as she aged.

Our home is also lovingly dedicated to the memory of my Dad who stood with my Mom through life's many journeys and challenges. Like Mom, Dad was a fighter who bravely fought chronic illnesses as well as cancer.

Heaven is now home to Mom and Dad where they are safe, secure, and basking in God's glory. Thanks Mom and Dad for being my inspiration to step out on faith and establish this care home. I will always love and cherish your memories and the many life's lessons you taught me.

In loving memory, your daughter,

Kathy
